

We are going to be running half the horses that we ran before for the Border rides. Because of this, we do not have the flexibility that we used to have.

We ask that you fill the form in, online and we will check if we have horses suitable for you. We will then let you know and then you can pay your deposits. We require all riders to have ridden at least 4 times with us or provide video evidence and have been up to try horses prior to rides. Anyone **not** adhering to this, will have their horse cancelled for the ride and no refund on deposits.

We look forward to welcoming you back to hopefully an exciting common ride season.

The Form will be available in the next couple of Days
